

2020 Community Health Improvement Plan At-A-Glance

Glossary of Terms

Result: Desired condition.

Goal: Issue areas for each CHIP priority, as identified in the Pierce County Community Health Assessment.

Objective: What we are trying to achieve, as recommended by Pierce County organizations.

Result: Communities identify what is important to them, have access to adequate resources, build partnerships and make relevant decisions.

Goals	Objectives
Objectives address multiple CHIP goals.	<ul style="list-style-type: none"> Expand the use of community driven processes. Compensate community residents fairly for their time and expertise. Advocate for demographic representation on boards, commissions and committees. Develop a two-way data sharing tool for CHIP outcomes. Share results with the public.

Result: Policies, systems and environments promote wellbeing.

Goals	Objectives
Equitable access to resources.	<ul style="list-style-type: none"> Develop family friendly work policies for Pierce County organizations (i.e. baby at work, parenting education at work, on-site childcare). Improve wellbeing for most vulnerable residents through policy and system changes (i.e. school age children, Medicaid recipients, etc.). Support integration of mental health services into physical health settings.
Safe, reliable and affordable housing.	<ul style="list-style-type: none"> Expand policies to address housing affordability. Address housing affordability as a regional issue.
Ways to get around.	<ul style="list-style-type: none"> Evaluate needs for an integrated plan for the transit and mobility needs of residents (e.g. ride sharing access, bike lanes and paths, bus stop locations and frequency of services). Increase walking and walkability. Improve access to greenspace, transportation options, and walking trails in communities of focus.
Access to healthy food.	<ul style="list-style-type: none"> Evaluate opportunities to increase integration of transit and emergency food delivery.
