ON-SITE WASTEWATER TREATMENT SYSTEM DESIGNERS & PROFESSIONAL ENGINEERS

The following reference list is provided as a courtesy to individuals seeking assistance with design of on-site wastewater treatment systems. Chapter 18.210 RCW indicates that beginning July 1, 2000, any person practicing, or offering to practice the design of on-site wastewater treatment systems must have a license issued by the Board of Registration for Professional Engineers and Land Surveyors. This list includes individuals who have presented their license to Tacoma-Pierce County Health Department and paid a fee to be listed.

Applicants are urged to make prudent inquiries and obtain recommendations prior to contracting for the services of individuals on this list. The Health Department makes no representation regarding the qualifications of the listed individuals, nor does the Health Department guarantee or warrant work performed by the individuals in this listing. This list is not all-inclusive. This reference list is provided as a courtesy to you and is current as of September 25, 2026.
